FATHER GIVES UP 70 INCHES OF SKIN FOR HIS CHILD.

Mr. and Mrs. Wm. C. Shippe, accompanied by Dr. H. H. Irwin, left Thursday morning for The Memorial Hospital, Winchester, with their little four year old daughter, Pauline, where Mr. Shippe will have seventy square inches of his skin taken off and grafted on to his daughter, to take the place of the skin which was burnt from the little girl's right side and arm ten weeks ago while she was playing with matches.

Pauline is one of the brightest little girls in Powell's Fort Valley and has suffered intense agony for the past ten weeks. During the past ten days she has been falling from her side and arm every time the wound was dressed until the ribs were exposed. Her physician decided that it would be necessary, to save the child's life, to have skin grafted over the burnt places from a human being. Mr. Shippe immediately offered to sacrifice the skin from his whole body to save the life of his only daughter.

Wednesday morning the little girl was carried on a cot from her home near Carmel, across the mountains, to this place, a distance of 12 miles by her father and three neighbors.

NEW LAW STRIKES PHYSICIANS HARD.

Beginning with Friday of this week, June 26th, the new Pure Food and Drug Law becomes operative throughout Virginia. Country merchants, druggists and physicians, as well as the general public, will do well to acquaint themselves with the provisions of the new statute. The lines on all sides have been drawn tighter and especially drastic is that portion that has reference to the sale and use of cocaine.

The portion of the new law that at first sight seems most of a departure is that which forbids a physician from charging for opium, morphine and other narcotics furnished by himself to patients. This will strike hard upon the physician everywhere, and especially upon the country doctor, who acts as a sort of traveling drug store much to the convenience of his patient as well as to the profit of himself.

As to the country merchant, that "dreaded inspector" will still haunt him, but the law is very specific and no one need fear. According to the new regulations, the country merchant is forbidden to sell carbolic acid or any of the insecticides unless he has secured a permit from the state board of pharmacy. And again, he may sell only in the original packages such familiar remedies as epsom salts, castor oil, cream of tartar, calomel, quinine, sweet spirits of niter and paregoric. There is a special law in regard to laudanum. He may sell laudanum only in two ounce bottles.

No druggist will be allowed to sell any kind of drug like morphine without a physician's prescription. And furthermore, the name and address of the patient must be written thereon along with the full signature of the prescribing physician.

The law restricting the use of cocaine is unusually drastic. The mere possession of cocaine will be regarded as prima facie evidence of guilt. The penalty is imprisonment in the state penitentiary. Only physicians, dentists, veterinarians, and druggists are exempt.

The new features of the law were enacted on March 14th of this year, just a little over three months ago. As stated above, it goes into effect June 26th.

The State Board of Pharmacy was granted an extension of authority at the last legislature. The sum of \$6,000 was set aside for expenses of the body, whose members are appointed by the governor upon the recommendation of the Virginia Pharmaceutical Association. An office in the capital building has been given to the board. The inspector makes his tour of investigation through the state and reports results to headquarters at Richmond.

Literature setting forth in detail the provisions of the new law is now being issued and will be mailed to druggists, merchants and physicians throughout the state.

Death of Mrs. Rebecca Spengler.

Suicide in Augusta.

The dead body of Walter Perry, a young married man of the Spring Hill neighborhood in Augusta county, was found in Middle River Saturday, about 100 yards from his home. It is believed the young man threw himself into the water with suicidal intent.

Mr. Perry was about 33 years of age and leaves a wife and three children, the eldest of whom is only five years old, the youngest being one year of age.

A lady customer of ours had suffered with letter for two or three years. It got so bad on her hands that she could not attend to her household duties. One box of Chamberlain's medicines gave splendid satisfaction in this community.—M. H. ROONEY & Co., Almond, Ala. Chamberlain's medicines are for sale by Walton & Smoot.
